Counsel:

Plaintiff's request to file a motion to remand and a motion for a preliminary injunction is granted. The Judge also approved the schedule we discussed on the phone (opening papers March 15, response March 25, reply April 2).

We'll have oral argument at the initial pretrial conference, which is yet to be scheduled. Bring a proposed case management plan to that conference in the event that the motion for remand is denied. You'll receive a date for that conference, along with the CMP template, from our courtroom deputy in the near future.

Regards,
